The Dockery wink is becoming famous. Watch me talk now, but don't pay any attention to what I say," explains it.

It looks very much as though Butler expects to pay his debt to Judge Gantt by turning over to him at the proper time the 110 Hawes delegates from St. Louis.

WRANGLING, quarreling, and sometimes physically thumping each other, the Democratic State organization of the party, is in a worse plight than it ever was before.—Marshall Progress.

DEMOCRATIC officials follow nearly every act with a long "explanation." "Be sure you're right then go ahead" is a good rule and needs no rehashing. Wrong acts with plausible explanations don't make them right.

A new pension ruling, which will no doubt become a law and take effect immediately, gives all veterans more than 62 years old a pension and gradually increases the pension every two years. We will print the law in full as soon as effective.

MISSOURI rivers and streams are to be restocked with bass, croppie and channel catfish. The distribution to the streams of southern Missouri will be made from St. Louis, by the new fisheries car recently acquired by the state, which has a capacity of from 50,000 to 100,000 young fish. Distribution of fish among streams in the northern part of the state will be from St. Joseph hatcheries.

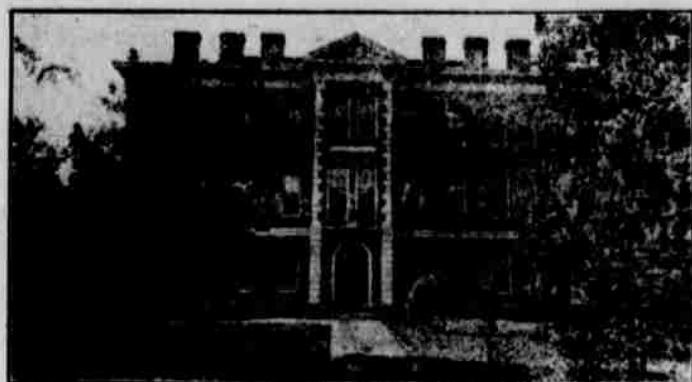

It is now apparent that we will secure a large number of Democratic votes at the next election. We commend these voters for the step they will take even though it be for once only. It shows them to be anxious for a good, clean administration. We only wish that we could hold this class in the Republican party continually. It is the cream of the Democratic party in Missouri.

THE Democratic party is attempting to reform itself in a very strange manner. It acknowledges corruption and points boastingly at the fact that a Democrat is doing the prosecuting and then turns around and accuses the prosecutor of being a self seeking scheming politician. No one has been punished and the indicted are holding the reins. Vote the Democratic ticket for reform!

A YEAR hence, we predict, we will have observed the re-inauguration of President Roosevelt as president; of Cyrus P. Wallbridge, or some other able Republican, as governor, and a full set of Republican state officers. Missouri will have proclaimed to the world her desire for good government for and by the people. People from all parts of the country will then feel perfectly free not only to invest their money here, but also to live in this grand state of Missouri.

Prof. H. W. Voshell, of Warren County, has announced himself as a candidate for re-election to the house of representatives. As he is one of Missouri's most capable and leading educators, we hope he will still change his mind and seek the position of State superintendent of public schools. We promise him our hearty support, both for the nomination and election, knowing that he will place Missouri's schools in the front rank.

"I knew when I left (the Democratic primary, Delmar and Taylor) that there was to be bloody work, if not before; and I told my

at Warrenton, Mo., which is one of the strong colleges in the state, has for the convenience of teachers, arranged to offer during the remaining part of the school year such subjects as are required for the 1st, 2nd and 3rd grade certificates, and adapted these classes to the needs of the teachers. For the 3rd grade all the common branches will be taught; for the 2nd, Algebra and Literature, and for the first, one division of History, either Ancient, Modern or English, and one branch of Science, Physical Geography, Elementary Physics or Biology. This college also maintains a Summer School which is approved by the State. The grades made for 1st and 2nd grade certificate being accepted by the State Superintendent and County Board of Education anywhere in the State. Students can enter at any time and will be required to pay only for the time they are actually in attendance. The Summer School begins June 13th and continues for seven weeks. We show a picture of one of the six college buildings of this institution. This school is conveniently located on the Wabash Railroad sixty miles west of St. Louis.

apprehension to my family and friends. It was the first time that I had ever voted at a primary election, and never did my American citizenship, my very manhood, seem so cheap and dirty a bit of refuse. And that is all the manhood of any citizen of St. Louis amounts to if he tolerates any longer this Hawes-Butler bullyism. It is your cowardice, fellow, citizens, that the Hawes-Butler hoodlums bank upon in their bold, shameless overriding of your rights."—Rev. R. A. Holland, in Globe-Democrat of March 16.

## THE STATE CONVENTION

The Republican state convention was held in Convention Hall in Kansas City, as per call, on Tuesday. The Saline county delegation (Bird Hill, R. P. Gwinn, J. P. Fulkerson, Ernest Fulton, C. W. Marsh, W. H. Nichols, Hiram Ordway by Jas. Billingsley, proxy, C. H. Bauer and J. J. Witt, with the exception of the last named, went up on the evening Missouri Pacific train Monday and established headquarters at the Coates house. R. P. Gwinn was made chairman of the delegation. Tuesday morning at 10 the convention assembled and after the opening prayer by Rev. M. S. Hughes, of Kansas City, State Chairman Aikens made a rousing speech, condemning Democratic

misrule and commenting on the bright prospects before us now. He was followed by Mayor Reed in an address of welcome. Mr. Reed's talk was quite humorous and was enjoyed by all, and he received the sympathy of many of his hearers, but no converts are reported. R. C. Kerens was next called upon and made a plea for harmony. As he was considered a factionalist, his talk was well received. Following this, the convention adjourned to 2:30 p. m.

On re-assembling, nominations were made by districts as called for four delegates to the national convention. The names of L. F. Parker, of Phelps county; W. C. Pierce, of Nodaway county; Robt. C. Day, of St. Louis; Chas. W. Clarke, of Kansas City and C. L. Filley, of St. Louis, were voted

upon, resulting in the election of the first four. The vote was: Parker, 1042; Day, 990; Pierce, 986; Clarke, 928; Filley, 250. Mr. Filley had a strong following in St. Louis, but was voted down hard by the country delegation because he was considered a factionalist and boss. The convention certainly showed its "down with the bosses" spirit in this case. Alternates chosen were: J. C. Moore, Scotland county; Nelson Crews, Kansas City; W. M. Farmer, St. Louis, and A. L. Thomas, Monticello county. The convention adjourned at 6 p. m.

## NOTES.

The convention was a rousing one and delegates as well as visitors were very enthusiastic over the prospect for a victory in Missouri in November.

Ormond Hupp, Slater, John Herling, Marshall, and J. M. Null, Miami, were among the visitors.

Ye editor received a big surprise in finding his old friend, Hugh D. McCorkle, of St. Louis, a delegate. Mr. McCorkle was raised near Ridge Prairie and is now a prominent attorney of St. Louis. He was a dyed-in-the-wool Democrat here, but says the treatment Folk received was more than he could stand.

The meeting was harmonious throughout and we saw no discord or controversy.

## Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous services.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.
